## PROFESSIONAL EXPERIENCE:

### *Freelance Frontend Developer*

09/23 - Current

- Delivered a professional website using HTML5, CSS3 (+ SCSS, BEM), JavaScript
- Improved website performance by compressing, caching and lazy loading images and components
- Tackled complex coding hurdles by proactively researching and experimenting with unfamiliar code, successfully implementing solutions for issues that lacked readily available code references.

## Projects:

### *Replica:* <https://week2-1-1scale.vercel.app/>

- Designed and implemented the user interface with a focus on responsive design, ensuring optimal viewing on various devices.
- Utilized and Flexbox to create a visually appealing layout and enhance user experience.
- Implemented interactive features, allowing users to interact with the 1:1 scale object and explore its details.

### *Bookstore:* <https://bookstore-react-phi.vercel.app/>

- Developed a front-end interface using React components, enabling a smooth and responsive user experience.
- Implemented data management and state handling with React hooks, ensuring real-time updates and a fluid user interaction.
- Integrated mock API calls to retrieve and display book data, including author, title, and cover images.
- Incorporated client-side routing for navigation between different sections of the bookstore.

## EDUCATION:

Google IT Support Certification

05/22

Front End Simplified Bootcamp

09/23 - Current
